

Tentative Interim Amendment

NFPA 1001

Standard for Fire Fighter Professional Qualification

2008 Edition

Reference: 5.1.1 and A.5.1.1

TIA 08-1

(SC 07-6-9/TIA Log #879)

(Text incorporated into document at issuance)

Pursuant to Section 5 of the NFPA Regulations Governing Committee Projects, the National Fire Protection Association has issued the following Tentative Interim Amendment to NFPA 1001, *Standard for Fire Fighter Professional Qualification*, 2008 edition. The TIA was processed by the Technical Committee on Fire Fighter Professional Qualifications, and was issued by the Standards Council on June 4, 2007, with an effective date of June 24, 2007.

A Tentative Interim Amendment is tentative because it has not been processed through the entire standards-making procedures. It is interim because it is effective only between editions of the standard. A TIA automatically becomes a proposal of the proponent for the next edition of the standard; as such, it then is subject to all of the procedures of the standards-making process.

1. Revise 5.1 to read as follows:

5.1 General. For qualification at Level I, the fire fighter candidate shall meet the general knowledge requirements in 5.1.1; the general skill requirements in 5.1.2; and the JPRs defined in Sections 5.2 through 5.5 of this standard; and the requirements defined in Chapter 5, Core Competencies for Operations Level Responders, and Section 6.6 Mission Specific Competencies: Product Control, of NFPA 472, *Standard for Competence of Responders to Hazardous Materials/Weapons of Mass Destruction Incidents*.

2. Delete the Proposed Annex A.5.1.

3. Add NFPA 472, Standard for Competence of Responders to Hazardous Materials/Weapons of Mass Destruction Incidents, to Section 2.2
