Notice of Special Meeting of the NFPA Standards Council

NFPA has made the difficult decision to cancel the 2020 NFPA Conference & Expo® scheduled for June 15-18 in Orlando in light of significant impact that COVID-19 is having on the world. While conditions do not allow NFPA to safely hold the NFPA Technical Meeting in-person, an alternative electronic format is proposed for the purpose of allowing the Technical Meeting to continue.

The NFPA Technical Meeting Convention Rules are written to anticipate an in-person meeting, so alternative, temporary rules must be considered for governing an electronic form of meeting in a manner that preserves the essential elements core to the NFPA Standards Development process.

Please be advised that pursuant to Section 2.11.1, the NFPA Standards Council shall conduct a meeting on Monday, April 27th, 2020 at 11:00 a.m. (EDT) for the purposes of discussing proposed “Temporary NFPA Technical Meeting Convention Rules for 2020”.

This meeting shall be limited to discussion, consideration and action on the proposed rules.

Respectfully,

Dawn Michele Bellis

Director, Standards Administration
and NFPA Standards Council Secretary
