RECERTIFICATION REQUIREMENTS CHART

In order to maintain currency and relevance in electrical safety in the workplace, certificate holders are required to submit a minimum of ten points of documented professional development for recertification. The ten points must be submitted during the three year recertification cycle and must be related to electrical safety in the workplace.

PROFESSIONAL DEVELOPMENT CATEGORY	POINT ALLOTMENT	MINIMUM POINTS	MAXIMUM POINTS	REQUIRED DOCUMENTATION
Participation in NFPA 70E training (conference seminar, online course, or instructor-led class)	1 point per contact hour 1 CEU = 10 contact hours	7*	10	Copy of Certificate of attendance, letter from presenter, course completion certificate, or description of training with letter from supervisor
Membership in a related professional association	1 point per association membership per year	0	3	Copy of membership showing active status for the three year term

* For each recertification cycle, at least one point must come from a course on the changes from the previous edition of NFPA 70E to the current edition (a new edition is published every three years, so each time you are due for recertification, there will be a new edition from your exam or last recertification).
Note: *NFPA reserves the right to alter any recertification requirements as deemed necessary*

NFPA offers numerous NFPA 70E related training options, including its NFPA 70E, *Standard for Electrical Safety in the Workplace* 3-Day Hands-On Training, and its NFPA 70E online learning modules. For more information, go to www.nfpa.org/training, or call NFPA toll free at 1-800-344-3555.

NFPA shall grant one (1) point toward recertification per full year served on the CAG. These points will apply in the Training/Professional Development Seminars and Conferences category, state the years as part of NFPA's CAG in the "Description" column of the CEST Recertification Points Form
